

EXPERIENCE IS EVERYTHING

“I was able to get a job here in Sonoma County as a result of the CCNA program I took. The knowledge I got from your classes is extremely valuable here. Again thank you!”

Computer Studies Department

**SANTA ROSA
JUNIOR COLLEGE**

It's a new world. Let's build it together.

The network is the new frontier, and our networking courses place students at the forefront of today's evolving digital world. We deliver hands-on instruction, expose students to cutting-edge technology, and provide unmatched career development support. When you learn from a proven leader in networking education and innovation, you can be certain you're learning about the tech of the future.
