WEB + MOBILE DEVELOPMENT | AT SRJC

WEB DEVELOPMENT · CAREER EDUCATION

EXPERIENCE IS EVERYTHING

"Immediately after graduating, I obtained a great job in San Francisco as a UI/UX Engineer. I now work on Fortune 500 companies' websites using the skills I learned at SRJC."

SANTA ROSA JUNIOR COLLEGE

Become a Mobile and Web Developer

SRJC's Web Development program exists to help a diverse community of students pursue one of the fastest growing career paths in California.

Students learn both design and development skills, allowing them to enter the workforce as a confident and well-prepared professional. Certificates and degrees are offered for web and mobile front-end as well as multimedia development.
